I decided for my birthday this year I wanted to have all my friends over for a sit down formal dinner on our deck. I had been to a few functions where Ryan Jones and Craig Tesoriero, the owners of Cube Catering, were looking after the finger food, which I might add were so delicious and the boys were so efficient and friendly.

I rang Ryan and said I want a four course sit down candle lit dinner for 14 of my closest friends and sisters.

BOY!! What a fantastic night. I left the menu to Ryan, even though I had lots of options, and the whole meal was just delicious. Ryan & Craig arrived early afternoon, with all the food and cutlery, glasses etc and I was given my marching orders. I laid on the bed reading, had a shower and got dressed up, walked out and waited for my guests to arrive.

It was a truly wonderful night and everyone raved about the service and the menu. By the time everyone had left the boys had totally cleaned up my kitchen and I went off to bed. I can strongly recommend the service and menu to anyone for every kind of function big or small, or just want to spoil yourself like I did.

Cube Catering has my 100% support.

Thank you very much for your splendid arrangements and food on Saturday. We were delighted with them all. Many of our guests made special comments to us about the choice of food and the preparation, delivery and quality. We will recommend you to anyone who wants catering at its best.

I would like to thank you again for all your help with our recent home party. The evening was a huge success and we are very appreciative of the many ways in which Cube Catering assisted us.

In our search to appoint a caterer we came across your website and being busy people we were pleased with the amount of information available to us prior to making personal contact. From the moment of our first enquiry we were impressed with your professionalism and genuine eagerness to assist wherever possible. The subsequent meeting at our home to clarify in person our food and beverage requirements helped us feel at ease that Cube Catering would meet our expectations.

We entertained some 120 guests on the night and your team did a sensational job. Most of our guests were mature aged with discerning fine taste and we wanted our guests to be well looked after - you managed to exceed our expectations, thank you! Feedback from many of the people who attended has been full of praise and friendliness of the wait staff.

As hosts we were not distracted during the evening with catering matters or staff monitoring - you used initiative to determine requirements, thereby allowing us to enjoy precious time with our guests. Even the day after the party was made easy because the peripheral extras such as glasses, crockery, cutlery etc. were all brought in by you, cleaned and removed again. Well done Craig & Ryan - once again we thank everyone at Cube Catering and look forward to having your help again when next we

party!

Lorraine

Dear Ryan & Craig,

Just wanted to thank you both so much for the amazing job you did at my recent birthday party. I cannot begin to tell you how impressed I was with the quality of the food and service on the night, and the ease with which you pulled my event together. I think the coup de grace was seeing you and your staff cleaning up the kitchen and vacuuming the floor.... my night could not have got better... amazing food, presented so beautifully and a clean kitchen to wake up to...what more could a woman want?!

Again you guys are fantastic and I will certainly be using your company again at my next function.

We recently celebrated our engagement with a large party attended by friends and family. Being a social occasion, we saw it as imperative that the evening was a memorable one - a night that we could really celebrate with our loved ones.

We were aware of the fact that it is too often the family members and close friends that get stuck with the labour intensive and inconvenient job of cooking and serving all the food at parties. We wanted our guests to be exactly that - guests. Free to enjoy the night as they deemed fit, not to be trapped in the kitchen preparing food and cleaning plates and glasses.

With this in mind we decided to contact Cube Catering. What a fantastic decision this turned out to be! We spoke with both Craig and Ryan and found them to be very friendly, well organized and professional. Nothing was a problem, nothing was a hassle.

In the lead up to the party they were absolutely terrific. On the night of the engagement party the food was sensational. We gleefully absorbed many compliments from our guests as to the quality of the food and of the friendly demeanour and efficiency of the Cube Catering staff.

We would love to take the credit for the brilliant food and professional service; however all credit must go to the fantastic team at Cube Catering!

We, along with our friends and family, were able to enjoy a very memorable experience in celebrating our engagement. We didn't have to worry about anything. We just enjoyed the night. Without a doubt the underpinning factor in the night's success was due to Cube Catering.

To Craig, Ryan and your wonderful team - thank you very much!

Thank you for an awesome evening on Saturday night, every guest I spoke to had nothing but brilliant things to say about your service and your food.

As you saw the party went OFF and your contribution with the food and the bar staff was by no means a small part.

I have had three or four people take your details from us.

Thank you again and hope to run into you at other functions soon.

It gives me great pleasure in writing this letter commending your work as well as your well trained and friendly staff on their personable and professional service provided at our company "cocktail party", held in August 2008.

The preparation required from our end was minimal. You took care of everything! The guidance on the range of finger food, catering for vegetarian, celiac and other specific food requirements was very helpful. The food was exceptionally fresh and delicious, timed to perfection and there was just the right amount.

You also made valuable cocktail list suggestions which were all a hit. Your bar and waiting staff were wonderful even until the early hours of the morning when, not due to the Cube team, drinks ran dry! You even provided for guests to be greeted at the door, an added extra which added to the night's success.

I am more than delighted with your Cube Catering team and would be more than happy to have you assist us hold a function in the future. Thank you.

All the best for your future functions!
